**AFTER FINAL AMENDMENT AFTER EXAMINER WITHDRAWAL FROM APPEAL PROCESSING**

Dear Sir,

This is responsive to the Final rejection mailed 03/28/2005, continuing to reject claims 1-3, 5-10, 12-16, 18-27, 29-38 and 40-42, and continuing to find allowable subject matter in claims 4, 11, 17, 28 and 39 because the new references have "no possible motivation for the server to assign a URL that is passing parameters to the server, itself."

A listing of claims as amended follows on the next page.
